

Spring 2018

Company Tour: Lambeau Field

This semester SHRM members were given the opportunity to connect with the human resources professionals at Lambeau Field. Afterward, members explored the Packers Pro Shop and Hall of Fame, as well as attended the Champions Tour. It was a great experience to learn about how the Packers run their Human Resources department, and professional development. This gave the board members the opportunity to expand their network and get to know each other. Board members wrapped up the day with dinner at Anduzzis.

Volunteer Event

Hands on Oshkosh

SHRM members volunteered during the Hands on Oshkosh event. Members were sent to the Women's Center on Campus to help with cleaning, organizing, and making gear for upcoming events. This event allowed for SHRM members to get involved with the community and help where needed.

Fundraising Event

Culvers

This semester, SHRM and Culvers partnered up for a fundraising event. Members had a great time greeting customers and running food to customers. This event raised \$215 for SHRM. Thank you to everyone who helped during this event, and an even bigger thanks to Culvers for allowing us this opportunity to raise money for SHRM.

Shamrock Shuffle

Another way SHRM got involved with the community was during the Shamrock Shuffle this March. The Shamrock Shuffle is an annual 5K run/walk to benefit the Oshkosh Area United Way and the UW Oshkosh Student Veteran Association. Members enjoyed the sunny winter day walking for a great cause.

A Word from the President

Another semester has come and gone for UWO SHRM! Spring 2018 will definitely be one to remember. We were fortunate enough to welcome many guest speakers to UWO SHRM this semester. Some of the topics we heard about were international internships, the negotiation process, campus recruitment, how to build your personal brand, and the differences between acquiring an MBA vs. an MA in HRIR. On April 3rd, UWO SHRM was able to partner with the Oshkosh Area SHRM organization, where we welcomed Chad Kopitzke who presented on "Generations in the Workplace." Here we learned about the similarities and differences of the baby boomer, gen x, and millennial generations, and how to work with each of them. On April 10th, UWO SHRM conducted a fundraiser that Culver's supported. It was an awesome turnout- thank you to everyone who came and supported UWO SHRM! UWO SHRM was also privileged with the opportunity of a question and answer session with the HR department at Lambeau Field, followed by a tour of the stadium. Overall, this semester is certainly one to jot down in the books.

A little bit about me- I am a senior, double majoring in both HR and Supply Chain Management with an emphasis in International Management. Graduation in two weeks cannot come soon enough! I have completed two internships. One with Schreiber Foods in the International HR Department, and the second was with Sherwin Williams and focused on Management and Sales. My long-term career goal is to be employed with an international company, as I love traveling and

working with people from different cultures.

I am confident that UWO SHRM will have yet another fun semester this coming Fall as we have a few guest speakers already lined up as well as another fundraising opportunity! Here is a sneak peak on a couple of the topics we will be covering: talent acquisition through social media and "what they don't teach you about HR in college." IF ANYONE has a request on a topic they think UWO SHRM should present on, PLEASE let the board know.

SHRM is a great way to become involved with the College of Business and build your network. We will also provide you with internship opportunities and an opportunity to critique your resume.

As this year comes to an end, I'd like to thank Deb Suess and Sal Lazaro for their hard work and dedication to the club as our co-advisors. I'd like to wish Deb good luck in the future as she will no longer be with us next semester. I'd also like to thank Michelle Farr and Laurie Grey for making sure the student chapter is staying connected with both the professional chapters in the area. I'd like to give a shout out to Ben Zager, who really stepped up to the plate and took on many roles this semester for SHRM. I know he will do great things for the club as President next year! Finally, I'd like to thank all the board members, new board members, and our members— you all are what makes this organization possible. So, thank you again and good luck with all your future endeavors.
